FOR IMMEDIATE RELEASE:

Christian Business Leaders Ministry Expands to Chattanooga Area

Despite Tough Economy – Truth@Work is Experiencing Amazing Growth into New Markets – God’s Way

INDIANAPOLIS, INDIANA – May 17, 2011 – In an economy that has many businesses and organizations struggling, one organization is experiencing unprecedented national growth – and they credit it all to God as the ministry expands to Chattanooga.

Truth@Work, a non-profit organization, headquartered in Indianapolis, Indiana and founded in 1998 with 9 members, specializes in helping Christian business owners and leaders build their organizations on proven biblical principles and practices. The ministry began its national expansion in 2010 and has more than doubled in size and scope over the last 15 months.

Their proprietary monthly Christian Business Roundtable Group now delivers a powerful “life and business changing experience” to over 400 participants in several cities across America. The organization is showing no signs of slowing down, despite the uncertain economy. Co-Founder and CEO Ray Hilbert had this to say, “We are so blessed to see the type of growth that we are experiencing. The economy is really tough, and the need for entrepreneurs and business owners to get together to help each other succeed is becoming more and more critical to success. And the fact that our model helps Christians live out their faith in and through their businesses allows us to carve out a very unique niche in the marketplace. We credit all our success to God.”

Truth@Work announced that it has added Chattanooga AmeriStride Partner, Terry Massey as the Truth@Work local Chapter President, to expand its ministry into the metropolitan area. “AmeriStride is thrilled to assist in bringing this ministry to Chattanooga. For years I treated my businesses as a means to an end asking Christ to come along side and bless my plans and objectives. In essence I made Christ a component in my life and my business. I was misguided,” stated Terry. “Truth@Work teaches by His grace, that Jesus Christ did not come to be a mere ‘component’ of our life but its all-encompassing purpose and Lord. Business leadership is a ‘calling’ not just a means to an end.

Psalm 78:72 states

‘And David shepherded them with integrity of heart; and with skillful hands he led them.’

As business leaders our Christian faith is to be woven like fabric into our lives. The Truth@Work corporate ministry team has provided us with 10 years of proven biblical content and training to share with the Christian business leaders of Chattanooga. We can't wait to get started."

About Truth@Work

Truth@Work assists Christian business leaders in integrating their faith into the marketplace through roundtable discussion groups, seminars, membership portal site and various other products and services. We teach leaders how to grow and lead their business based on biblical principles and practices, bringing exponential value to their business and personal life. We are committed to helping business leaders, entrepreneurs, CEO's and executives be the gifted leaders that God has created them to be. www.truthatwork.org
